

A Christmas Stocking of Squares

Needle in from front and though loop back to front. Pull up snug but not tight.

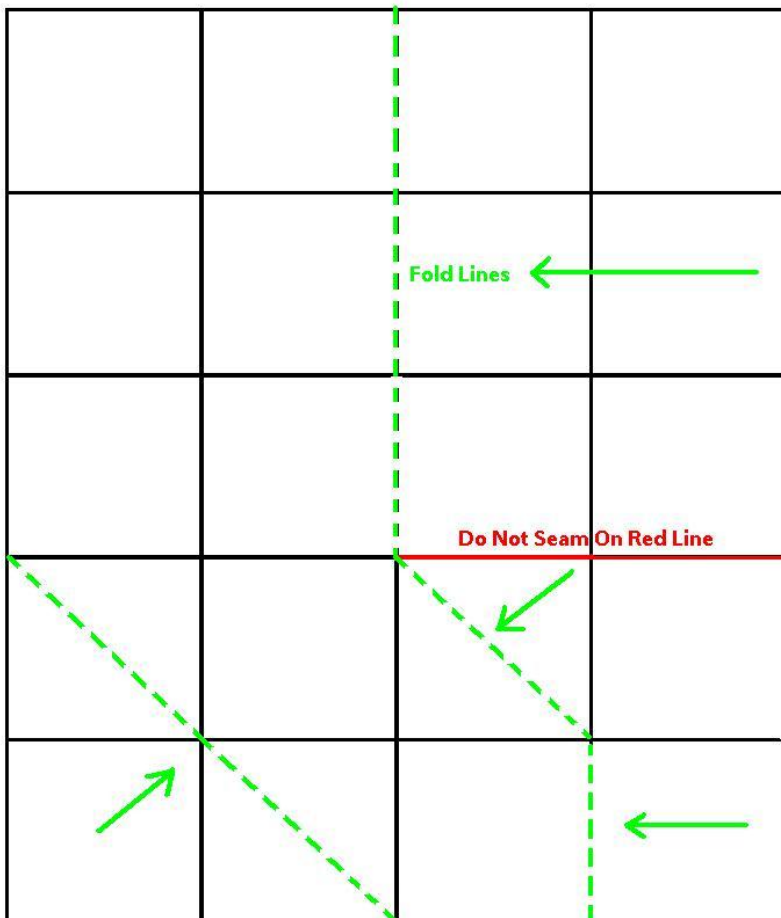

Blanket stitch: Only one way to assemble your stocking. An overhand stitch will work or you could crochet them together.

Assembling the Stocking

Sew the squares together using the **blanket stitch**. Hold two squares, wrong sides together, and blanket stitch over the edges. Do not pull the stitches too tightly. Open and press flat.

Sew the four cuff squares together using a smooth yarn in a matching color. Sew the body of the stocking together in a contrasting yarn.

Assemble the squares as shown in the picture.

For Hazel Rose Looms

 As seen on
www.WeaveZine.com

1. Fold along Line 1 and sew the sides of the stocking together using a coordinating color for the cuff and contrasting yarn for the stocking body.
2. Fold along Line 2 and sew the upper edge together with the bottom of the flap folded over in Step 1.
3. Fold along Line 3 and sew to the flap from Step 2.
4. Fold along Line 4 and sew all three sides.
5. Add loop for hanging the stocking by crocheting a chain loop at X.
